Residential Outdoor Lighting Ordinance Compliance Application

Dear Applicant:

In order to comply with the City of Dripping Springs Outdoor Lighting Ordinance and out of respect for your neighbors:

1. Make sure all light bulbs and luminous elements are shielded.
2. Make sure all lamps are 3000 Kelvin or less.
3. Keep light fixtures mounted as low as possible (10ft or less).

With the above in mind, please provide the following information with your completed application:

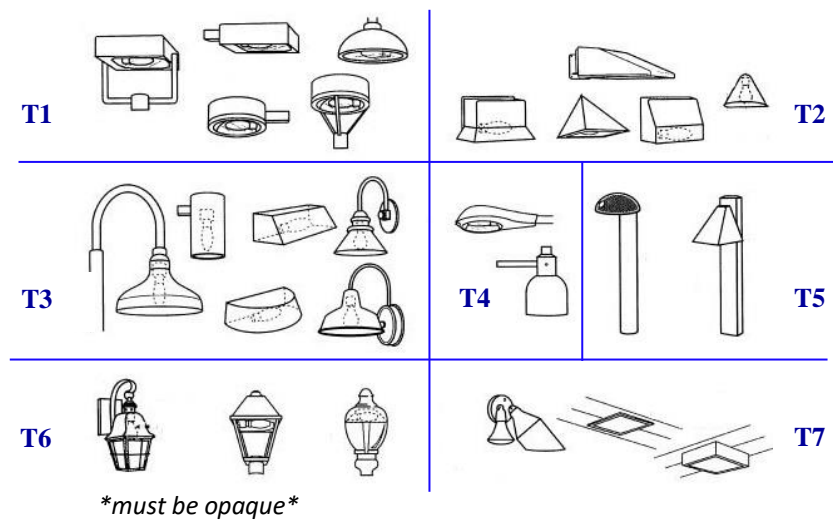

1. Circle which shielded light fixture(s) in the diagram applies to your project, and specification sheet, photo, or URL link if not represented in the diagram.
2. Color temperature - Have you checked the color temperature? This should be on the lamp/light fixture. You want a lamp with a color temperature of 3000 Kelvin (sometimes known as "Warm White"), or less.
3. Mounting heights for all light fixtures, if over 10 feet please describe what it is to light.

Owner Name: _____ Application Date: _____
 Property Address: _____
 Contact Name: _____ Phone: _____
 Email: _____ SF of Property: _____ SF of Structure: _____

Circle the type(s) of light fixture(s) that most closely resemble those you plan to install at the property (*Circle all that apply*). T= Type

For each fixture type circled, provide the following information (*use additional sheets as needed*):

Type	Quantity	Wattage/ Lumens	Source Type ¹	Kelvin Rating	Mount Height ²
1) _____	_____	_____	_____	_____	_____
2) _____	_____	_____	_____	_____	_____
3) _____	_____	_____	_____	_____	_____
4) _____	_____	_____	_____	_____	_____
5) _____	_____	_____	_____	_____	_____
6) _____	_____	_____	_____	_____	_____
7) _____	_____	_____	_____	_____	_____

NOTES:

1. Source Type – For each lamp indicate whether the light source is incandescent (I) or compact-fluorescent (CF) or other.
2. Mount Height – For each fixture indicate the mounted height of the fixture. For fixtures above 10ft provide a description of what the fixture is illuminating.
