 appointment: _____

PLEASE MAKE ADDITIONAL COMMENTS ON BACK.

*****NOTE: Applicant should be aware of the City of Dripping Springs Environmental Health Department's limitations on this type of inspection. The Environmental Health Department only makes a surface walkover inspection and predicts systems function ability by that observation with reliance on the property owner for full disclosure of past performance. The purchaser may request an additional letter from the previous owner, as to present or previous problems.

**SEPTIC TANK MUST BE PUMPED BEFORE INSPECTION.
 (Tank capacity and depth of sludge must be measured)**

Supply a report from the pumper with tank capacity

There must be some previous record of systems existence design and permit or certification can not be performed.
